### Back Cover

Single and satisfied? Not Michelle, Angela or Lisa. These saved but sexy, successful black women think they are getting too old to keep waiting on God to send their soul mates. Under the protective eye of their more spiritual sister-girlfriend, Vanessa and the scrutiny of newly saved but still sarcastic man-hater, Nicole, the ladies go on a hilarious adventure to "be found" by their husbands.

Armed with their list of essential must-haves, would-be-nices, icing-on-the-cake, and deal-breakers, they start their search, but soon encounter issues specific to the saved woman on the dating scene. Is online dating okay for Christians? How long do you wait before you tell the hottie you just met that you are celibate and plan to stay so until married? He is too fine to pass up...how saved does he really need to be? And of course, how do you keep things holy when he's oh-so-sexy?

It is not long before they realize they still have to trust God to know what is best for them, and that He loves them enough to send them everything on *The List*.

### A WREEL Review

"The List" is very engaging. The story comes alive from the very first chapter, and engages you until the last page. If you are single and dating or anticipate dating soon I am quite sure there is a character in the book that you can identify with, whether you are the single friend in pursuit of a mate or the supportive friend keeping everyone in check. "The List" is all about knowing what you want, setting a standard and trusting God.

I especially enjoyed the story from a Christian dating perspective and the unique challenges that single Christians face. I loved the sentiment, hilarious moments and support shared among friends. There is scene in the book that rings true for many single Christians. We are often so busy looking that we cannot even see what God has put before us but I will not spoil the book I will let you discover it for yourself. This is a good read and I highly recommend it to book clubs and discussion group.

Simply said, I loved the book and rated it a five (5) based on the WREEL Readers' rating scale.
